

Arthoven is a new cozy art studio located in **Woensel XL** shopping center in Eindhoven. We organize art workshops for both children and adults in different languages, bringing people together through art.

On April 11–12, as part of the European Artistic Crafts Days, we invite everyone to a free creative event **URBAN MEMORY** connecting personal stories with the city of Eindhoven. Participants will embroider simple patterns on black-and-white photos of the city, creating a small artwork that combines memory, place, and imagination.

URBAN MEMORY

is part of
Craft and Art Journeys & European Artistic Crafts Days
